The Stewards, having received a report from the FIA Technical Delegate, summoned and heard the above representative of the competitor, Mr. Bruno de Pianto, have considered the following matter and determine the following:

Facts: The competitor of car no. 11 could not present the original FIA Technical Passport for his car during the pre-event scrutineering.

Offence: Breach of FIA RRSR Art. 4.2 (FIA Technical Passport)
Breach of ISC Appendix J, Art. 251 (FIA Technical Passport)

Decision: **no further action**

Reason: The competitors' representative explains:
The car was in the WRC events in Argentina and in Chile. After these events the car was shipped back to Europe. When the car arrived, all original documents were missing. We tried to get the information where the documents are. The only we could find out was that the documents are either with the customs in Chile or in Argentina. The car was shipped from Chile thru Argentina to Europe. We informed the police in Italy which is investigating the case. We got all necessary documents we can present as copies. Last week we have informed the FIA Technical Department about this case.

The FIA Technical Delegate, Mr. Karmo Uusmaa, explains, that he had seen the car in Argentina as well as in Chile. He can confirm that the car here in this event is the same car as in both WRC events. He also was discussing this issue the FIA TD. Mr. Jérôme Toquet and Mr. Karmo Uusmaa both confirm that the car # 11 can be identified as the same car competing in Chile and Argentina.

After hearing the competitors' representative and the FIA Technical Delegate the Stewards concluded that due to force majeure the competitor cannot present the original documents and therefore they will not take any action in the matter.

The Competitor is reminded of his right to appeal which is stipulated in the 2019 FIA International Sporting Code and in the 2019 FIA Judicial and Disciplinary Rules.
